

Website Developer

We are on the hunt for a like-minded individual to join our team as a Website Developer on a full-time basis.

The opportunity:

As ENTTEC's Website Developer you will be given the opportunity to update and create new technical components on our website. You will have a willingness to learn and have strong skills in communication, prioritising and attention to detail. You will identify and resolve problems and participate and work alongside a team who are passionate in the industry's leading technologies..

What you'll do:

Reporting to the Research and Development Team Leader you will be responsible for:

- Redesign the e-shop platform to create a more interactive experience with customers.
- Regular maintenance of the existing website: debugging and writing codes for web pages.
- Determine appropriate architecture, and other technical solutions.
- Liaise with the Marketing and Product departments in relation to website maintenance.
- Communicate any updates to the Marketing and Product teams.
- Handling WooCommerce platform, linked to WordPress, and different currencies.
- SEO (Search Engine Optimization) work.
- Think of and implement innovative ideas to address issues.
- Maintain and improve the backbone of our website.
- Be able to manage multiple languages of ENTTEC websites.

What you can bring:

- A bachelor's degree or equivalent in Computer Systems/ Web Development.
- Minimum 2 years of proven experience in web programming.
- Fluent in- HTML 5, JS, PHP, Wordpress, WooCommerce and Lavarel.
- In-depth knowledge of WordPress.
- Mastered the art of computer techniques specifically in Excel, Word, Internet and Office 365.
- The ability to work unsupervised and show initiative.
- Impeccable verbal and written communication skills.
- High attention to detail.
- A high level of initiative and a proactive nature.
- Be adaptable and able to pick up new technologies.

Nice to have:

- Fluent in- Node js, Electron and AWS.

Culture & perks

- Working environment that is designed to be diverse and engaging.
- A culture of experimentation and creative freedom.
- A permanent part-time role with the chance to increase hours.
- Knowledge sharing and cross-training when possible
- Working with amazing people.
- Not two days will be the same.
- Be part of a team who care and support one another.

This is your chance to work in a creative and high-achieving team. If you believe you have what it takes, then we'd love to hear from you. Email jobs@enttec.com or click on "apply now". Attach your application (cover letter and CV), telling us why you would be perfect for this role.
